Dear Mr Harris,

A parent never imagines their child will be diagnosed with a life limiting or life threatening condition. But when the unimaginable happens Acorns steps in. And that can only happen because of you.

Thanks to you, and your kind donation of £300.00 we can make sure these remarkable families never face this journey alone. Families like Bluebell's.

Bluebell was born with some of her organs on the outside of her body - a very rare life threatening condition.

Her mum Stella explains: "It's priceless having someone you can trust to look after your child when they need extra care. Acorns looks after all of us in the family not just Bluebell. The support has been invaluable for me as well. It's been a lifeline to talk to other people. To provide constant care can be quite a toll on you. To talk to others in the same situation helps so much."

Thanks to you and your wonderful ongoing support not only are we here to help Bluebell and her family enjoy time together, but lots of other families will also receive the specialist care and support they need.

Thank you, you enable us to make a difference to those who need us!

With warmest regards,
